NOTICE OF MOTION

TAKE NOTICE that an application will be made before the Ontario Highway Transport Board on behalf of Brian Doyle Horse Transport Limited at such time and

place as may be fixed for a rehearing of the above applications and revocation of the certificates of public necessity and convenience granted following the hearing on December 1st, 1978, on the following grounds:

1. Although the applications were framed and presented as requests for reinstatement of operating authorities which had inadvertently not been renewed for 1978, the fact is that on December 1st, 1978 the said operating authorities and particularly extra-provincial operating licence X-2624 were dormant and service thereunder was effectively not available to the public.
2. Apart from the self-serving evidence of Benjamin Kanzic, the owner of the applicant, and statements by counsel for the applicant there was no evidence of any service being provided under the extra-provincial authority which could have justified the finding of public necessity and convenience. In fact, there was evidence that no arrangements was in place under which, by trip lease or otherwise, the applicant could offer service to or from the United States.
3. The Board was misled in that it was not informed that the purpose of the applications for reinstatement was to permit an immediate sale of the licences, which was in fact made by an agreement dated December 15th, 1978 for the sale of the shares of the applicant company. The agreement in question, which is on the Board's file, is dated one day after the date of the certificate reinstating the operating authorities.
4. Such further and other grounds as counsel may advise and the Board permit.

AND TAKE NOTICE that in support of the Motion will be read the transcript of proceedings before the Board on December 1st, 1978 and such further and other material as counsel may advise and the Board permit.

Dated this 19th day of March, 1979.

NOTICE OF MOTION

TAKE NOTICE that an application will be made before the Ontario Highway Transport Board on behalf of Ehrlick Transport Limited at such time and place as may be fixed for a rehearing and or amendment and/or revocation of the above applications upon the following grounds, namely:

1. The Respondent had no knowledge that the issuance of Licences D-4483 and X-2624 to the Applicant on December 14th, 1978, in accordance with the applications herein, was to be immediately followed by a transfer of defacto control of the applicant company to Racecourse Transportation Limited under a Purchase Agreement dated December 15th, 1978.

AND FURTHER TAKE NOTICE that in support of this application will be read the Affidavit herein of Bruce Farrell Harries and such other material as counsel may advise and this Honourable Board permit.

Other matters—

- 32.—(1) The Legal Accounts Officer may allow a fee to a solicitor for the preparation of an opinion, for an additional opinion or for his attendance to make further submissions when requested by an area committee.

In any criminal matter, proceeding, action or appeal, not dealt with by this Schedule, the Legal Accounts Officer shall allow a reasonable fee and in determining the fee properly payable in respect of the matter, proceeding, action or appeal, the Legal Accounts Officer shall have regard to this Schedule for comparable services.

NOTES

- A. This Schedule is a legal aid tariff reflecting fees customarily paid by a client of modest means and except in unusual circumstances the fees provided for herein shall normally apply for the legal services covered thereby including block fees and maximum fees, but,
- (a) such fees may be increased by the Legal Accounts Officer in those cases where in his opinion an increase is justified, having regard to all the circumstances including the nature of the offence charged, the complexity of the case, the result obtained and any other factor that would warrant an increased fee; and
- (b) such fees may be decreased by the Legal Accounts Officer in those cases where in his opinion a decrease is appropriate,
- (i) under the provisions of section 107, or
- (ii) where and to the extent that the fees charged exceed the amount of fees that would be taxed were the account of the solicitor for the legal aid services the subject of a taxation under *The Solicitors Act*.

- B. The solicitor must prepare his account in accordance with this Schedule and must provide details of services rendered, including the date, time of day, length of time, description of service and by whom the service was rendered.
- C. The Legal Accounts Officer may require proof and justification of all items included in an account, either by the production of docket entries or otherwise.
- D.—(1) Where a solicitor represents two or more persons charged with the same offence or a similar offence arising out of the same occurrence, and where the trials, pleas of guilty or appeals are heard in the same court at approximately the same time, then, for the purposes of this Schedule, the solicitor is entitled to fees as for one client and to an increase of 40 per cent and such additional fees as may be appropriate in accordance with Note A.
- (2) Where a solicitor represents a person charged with two or more offences, and the trials, pleas of guilty or appeals are heard in the same court at approximately the same time, then, for the purposes of this Schedule, the solicitor is entitled to fees as for one charge and such additional fees as may be appropriate in accordance with Note A.
- (3) If an application for leave to appeal and the hearing of the appeal are heard at approximately the same time, the solicitor is entitled to fees for the appeal only.
- E. Where a solicitor can readily ascertain that the services authorized by a certificate, in the specific circumstances of that case, are sufficiently unusual or unique that the maximum allowed by the tariff is clearly inadequate, he shall forthwith advise the area director and the Legal Accounts Officer of the details of the case and an estimate of the time and services required in his opinion. Failure of a solicitor to do so will be a factor in the settlement of the solicitor's account.
- F.—(1) Where a solicitor certifies that he has the equivalent of four years of practice in criminal law, the basic hourly and *per diem* rates set out in the Schedule are subject to increase as follows:

| | Basic rate | Increased to |
|----------|------------|--------------|
| per hour | \$ 48.00 | \$ 54.00 |
| per hour | 42.00 | 46.00 |
| per diem | 360.00 | 405.00 |
| per diem | 280.00 | 315.00 |

| per diem | 200.00 | 250.00 |
| per diem | 480.00 | 540.00 |

- (2) Where a solicitor certifies that he has the equivalent of ten years of practice in litigation, including at least four years of practice in criminal law, the basic hourly and *per diem* rates set out in the Schedule are subject to increase as follows:

| per diem | 240.00 | 300.00 |
| per diem | 200.00 | 275.00 |
| per diem | 480.00 | 600.00 |

- (3) For the purpose of this Schedule, years of practice in criminal law or litigation are calculated by multiplying the total number of years in practice by the percentage of the solicitor's practice that is criminal law or litigation, as the case may be.

- G. Where a solicitor attends at court with his client to commence a preliminary hearing or trial on a date already fixed by the court, is required to wait more than one hour before his client's case is called by the court, and through no fault of the solicitor the preliminary hearing or trial is adjourned to another fixed date, the solicitor shall if the circumstances required him to wait, be paid a fee equal to one-half of the preparation rate applicable under items 1 or 4 to a maximum of three and one-half hours in lieu of any claim under items 22 and 23. Other Matters—

34. In any matter referred to in clause *c* of subsection 1 of section 14 of the Act the fee shall be in the discretion of the Legal Accounts Officer who shall have regard to the importance and difficulty of the work.
35. The Legal Accounts Officer may allow a fee in proper cases for any services rendered with respect to an application to an area committee under section 14 of the Act when such services have been rendered at the request of and for the use of the area committee.
36. For drawing documents wherever the subject-matter or nature thereof is properly or customarily within the scope of the professional duties of a solicitor
- per hour
- 48.00
37. The Legal Accounts Officer may allow a fee to a solicitor for the preparation of an opinion, for an additional opinion or for his attendance to make further submissions when requested by the area committee or the area director.
38. Where a solicitor travels from his office to a court for an appearance as counsel on behalf of his client, and where such travel is in excess of fifteen miles one way, the Legal Accounts Officer may, in his discretion, allow a fee for travelling at the rate of \$30 per hour, if the appearance is for a purpose other than an adjournment, setting a date for a future appearance, or similar procedural matter. In exercising such discretion the Legal Accounts Officer shall have regard to the availability of a local agent where the court is located, the seriousness of the matter, the convenience of the client, whether the matter could have been handled by a solicitor's agent, and the time and duration of the travel. Provided, however, that in no event shall the fees allowed for travelling time exceed 30 per cent of the total fee allowed for the services rendered as settled by the Legal Accounts Officer.
39. In any matter, proceeding, action or appeal, not dealt with by this Schedule of Fees, the Legal Accounts Officer shall allow a reasonable fee and in determining the fee properly payable in respect of such matter, proceeding, action or appeal, the Legal Accounts Officer shall have regard to the Schedule of Fees herein for comparable services.

NOTES

- A. This Schedule is a legal aid tariff reflecting fees customarily paid by a client of modest means and except in unusual circumstances the fees provided for shall normally apply for the legal services covered thereby including block fees and maximum fees, but,
- (a) such fees may be increased by the Legal Accounts Officer in those cases where in his opinion an increase is justified, having regard to all the circumstances including the nature of the work done, the complexity of the case, the result obtained and any other factor which would warrant an increased fee; and

- (b) such fees may be decreased by the Legal Accounts Officer in those cases where in his opinion a decrease is appropriate,
 - (i) under the provisions of section 107, or
 - (ii) where and to the extent that the fees charged exceed the amount of fees that would be taxed were the account of the solicitor for the legal aid services the subject of a taxation under *The Solicitors Act*.

B The Solicitor must prepare his account in accordance with this Schedule and must provide details of services rendered, including the date, time of day, length of time, description of service and by whom the service was rendered.

C. The Legal Accounts Officer may require proof and justification of all items included in an account, either by the production of docket entries or otherwise.

D.—(1) Where a solicitor represents two or more persons in the same proceeding or matter or where a solicitor represents a person in two or more proceedings or matters and in either case where the trials, hearings or appeals are heard in the same court or forum at approximately the same time, then, for the purposes of this Schedule the solicitor shall be entitled to fees as for one client on one proceeding or matter and such additional fees as may be appropriate in accordance with Note A.

(2) If an application for leave to appeal and the hearing of the appeal are heard at approximately the same time, the solicitor is entitled to fees for the appeal only.

E. Where a solicitor can readily ascertain that the services authorized by a certificate, in the specific circumstances of that case, are sufficiently unusual or unique that the maximum allowed by the tariff is clearly inadequate, he shall forthwith advise the area director and the Legal Accounts Officer of the details of the case and an estimate of the time and services required in his opinion. Failure of a solicitor to do so will be a factor in the settlement of the solicitor's account.

F.—(1) Where a solicitor certifies that he has the equivalent of four years of practice in civil litigation, the basic hourly and *per diem* rates set out in the Schedule are subject to increase as follows:

| | Basic rate | Increased to |
|----------|------------|--------------|
| per hour | \$ 48.00 | \$ 54.00 |
| per hour | 42.00 | 46.00 |

| per diem | 200.00 | 250.00 |
| per diem | 480.00 | 540.00 |

(2) Where a solicitor certifies that he has the equivalent of ten years of practice in litigation, including at least four years of practice in civil litigation, the basic hourly and *per diem* rates set out in the Schedule are subject to increase as follows:

| | Basic rate | Increased to |
|----------|------------|--------------|
| per hour | \$ 48.00 | \$ 60.00 |
| per hour | 42.00 | 52.00 |

| per diem | 200.00 | 275.00 |
| per diem | 480.00 | 600.00 |

- (3) For the purpose of this Schedule,
- (a) practice in litigation means practice in civil litigation or practice in criminal law;
 - (b) years of practice in civil litigation or litigation are calculated by multiplying the total number of years in practice by the percentage of the solicitor's practice that is civil litigation or litigation, as the case may be.
- G. In a county court action where costs at trial are awarded on the Supreme Court scale, the fees under this Schedule shall be calculated as for an action in the Supreme Court. O. Reg. 189/79, s. 1, *part*.

The Environmental
Assessment Act, 1975

MNR-15

THE ENVIRONMENTAL ASSESSMENT
ACT, 1975

Exemption Section 30

Having received a request from the Minister of Natural Resources that an undertaking, namely:

The completion of the implementation of the Wasaga Beach Provincial Park Master Plan,

be exempted from the application of the Act pursuant to Section 30; and

Having been advised that if the undertaking is subject to the application of the Act the following injury, damage or interference with the persons and property indicated will occur:

1. The Crown will be interfered with by the delay and cost involved in preparing an environmental assessment on a master plan which is well advanced in implementation.
2. Due to the park-within-a town nature of Wasaga Beach Provincial Park, the master plan is closely related to ongoing development of the community of Wasaga Beach, and is closely related to a number of servicing schemes to which the Province of Ontario is committed and which are exempt from the EA Act. The public and Crown would therefore be interfered with and damaged by delay involved in preparing an environmental assessment on the master plan.

Having weighed such injury, damage or interference with the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

I am of the opinion that it is in the public interest to order and do order subject to the terms and conditions set out below, that the undertaking is further exempt from the application of the Act for the following reasons:

1. The undertaking has now reached such an advanced stage that the benefits of requiring an environmental assessment at this time are unlikely to outweigh the costs and would therefore not be in the public interest.
2. The master plan embodies the spirit of the Act by the protection and enhancement of the environment of Ontario, in the following
 - a. The master plan aids in the protection of local features which are provincially significant from physical, natural and historical perspectives.
 - b. The master plan recognizes the natural significance and the necessity of protecting the central, environmentally fragile, dune complex in the area.
3. The development of the master plan represents an on-going long-term process of planning, public participation and financial commitment which was well underway before the Act came into effect. The planning history is in part reflected in the series of approximately

75 studies and reports which have been undertaken in the area.

4. The park is considered a key component of a long standing commitment by the Province to develop Wasaga Beach as a viable recreation community.
5. The park will become a major attractive force in helping to maintain and enhance the local economy, contributing to local employment, providing a range of facilities for community oriented recreation, as well as contributing to the provincial tourism industry.
6. The construction of a sewer and water servicing scheme, which will in part service most of the beach areas of the park, is exempt under Exemption Order MOE-5 from *The Environmental Assessment Act*, and after extensive public input during its planning, has been given approval by the Ontario Municipal Board after a public hearing.
7. The various park development concepts have been reviewed and generally concurred with by with the Council of the Corporation of the Town of Wasaga Beach, and the proposed park boundaries are reflected in the Town's draft Official Plan.

This exemption is subject to the following terms and conditions:

1. As soon as final printing of the master plan is completed, a copy of the plan and other documentation with respect to the undertaking shall be made available to the public at the district office of the Ministry of Natural Resources closest to the park, and a copy sent to the Environmental Approvals Branch of the Ministry of the Environment to be kept with records of environmental assessments and made available to the public in the same manner as such records.
2. Where the carrying out of the undertaking requires that some activity, for which an environmental assessment has been done and an approval to proceed received, be conducted, that activity shall be carried out in accordance with the environmental assessment and approval to proceed.

This order comes into force and has effect on and after the day upon which it is signed.

Dated at Toronto, this 29th day of March, 1979.

HARRY PARROTT, D.D.S.,
Minister of the Environment.

The sitting panel erred in failing to deal with the evidence of the respondents and, indeed that of some of the witnesses who were called to support the application as to the understandings and terms and conditions relating to the obligations of the respondent carriers on movements characterized by both parties as carrier convenience movements.
3. In granting the application for general commodities in bulk, the sitting panel failed to consider that the bulk of the evidence, if there was any evidence of public necessity and convenience at all, relating to the movement of certain resins from Eastern Canada to Western Canada and tallows from Western Canada to Eastern Canada only.
4. The sitting panel erred in attaching undue importance to certain changes alleged to have taken place in relation to the supply and availability of railway tank cars. The panel erred in not addressing its mind to the question of whether these respondents and others were capable of meeting the needs of the public should such changes take place.
5. The territorial scope of the Certificate issued by the sitting panel deals with "points in the Province of Ontario south of a line drawn between Parry Sound and Pembroke". That line is not mentioned in evidence nor in argument by any party in the proceedings. That geographical description however, does coincide with a Decision in the same matter as issued by the Manitoba Highway Transport Board. The coincidence of these territorial limitations was not and could not have been based

upon the evidence before the panel and has no basis in law or in fact.

6. The sitting panel failed to consider the position of Bulk Carriers Limited and Gorski Bulk Transport Inc. as alternatives to the service of these respondents.
7. And upon such further and other grounds as this Honourable Board may deem meet.

Dated at the City of Toronto, in the Municipality of Metropolitan Toronto, this 2nd day of March, 1979.
